Minutes

The discussion focused on the Accreditation Recommendation #4: Equity and Diversity that Sean Chamberlin put together to begin the conversation. I had put my brief notes to him in **blue** and requested that we have time to develop the area fully. He gave us the time to finish the end of the year evaluation of the Equity Plan and then look at how it should be addressed in Accreditation.

My **blue comments** were intended to raise awareness to Sean that we still have work to do and Equity issues goes way beyond addressing "basic skills".

I have Adela's notes with my draft that I'll respond to in an attachment. **[red and yellow]**

My responding for clarification will be in **green**😊.

Next Meeting: Thursday, **April 22, 2010** - 1:00-2:00pm, Room 1415-01. Let's see if the meeting can start at 1pm. There's a lot to cover in the next few meetings.

May 13 - last scheduled meeting.
