Agenda

1.   <u>**Updates**</u>:
    • Achievement Gap Summit - **Adela & others who attended**
        • Only had time for an overview of the day. We'll continue to
            discuss the issues at future meetings.
    • Overcoming Barriers to Student Achievement - **Sean & Chris**
        • See flyer
        • The Student Equity Committee agrees to co-sponsor this Forum.
        • <u>Concerns with the wording of the flyer</u>:
                • <u>Looking at the Title</u>: What we want to convey is that the
                    Forum is for Faculty to address pedagogy that will
                    be effective for the diverse learners in our
                    classrooms.
                • Title does not convey this.
                • Also, "we" are not <u>overcoming</u> "barriers" …..
                    Many faculty may go straight to this line,
                    ignoring the first part and think we are
                    enabling the students. We are needing to
                    provide students with the tools/strategies,
                    etc.

- We still feel that this discussion was to focus on our teaching (pedagogy) instead of "barriers to student achievement".
- A Forum ~~of~~ **for** Fullerton College Faculty

- <u>Web Advisory Group</u> - **Chris**
  "Earlier this fall the President's Advisory Council approved (finally addressed our recommendation from last year) the formation of a Web Advisory Group to advise, monitor and coordinate the continued development and maintenance of the college website, including it's structure, design, content, policies and procedures."
  - First Meeting: Monday, November 22, 2010 at 2pm in Room 229. Everyone is welcome! I plan to attend the meeting.

2. **<u>Board Presentation</u>**: **All**
    [After looking at the 2008 Board Presentation Script and 6 slides, the concerns and recommendations are the same; however, there has been some new programs and efforts made to address the issues. (Sorry I didn't have this at the meeting - see attached)].
    - <u>We looked at dividing the presentation into three categories</u>:
      1. <u>Programs/strategies that are working</u>:
          - The EOPS model addresses all the target populations and many of our concerns.
      2. <u>New programs/strategies since the last report</u>:
          - Academic Support Services work with the student athletes
          - Umoja Community
      3. <u>Areas that still need to be addressed</u>:
          - Veterans
          - Campus web site
          - Teaching strategies to support diverse learners
    *<u>Fullerton College Student Equity Data Update 2009-2010</u>
    from   Ken Meehan (see attached)

<u>Next Meeting</u>: Thursday, December 9, 2010 from 1-2pm in Room 1415-01.
