Fullerton College
Student Equity Committee
.....

12:00pm - 2:00pm, Tuesday, February 14, 2006, Old Math Lab

Attendees: Carolyn Facer, Adela Lopez, Chuck Helms, Milton Randle

1. Who are the members on the committee? Milton will contact the others to determine.

2. We reviewed the data provided by Ken. Considerable discussion was generated.

Loaded question: Is there a difference in perception about these issues between White faculty and faculty of color?

Specific issues and questions:

Orange County data – when and from where obtained?

Given the existing data, are we addressing access or success?

3. Upon reviewing the data in relation to the **Goals and Activities of the Student Equity Plan**, specifically #1 **Student Success Indicator For Access**, it was proposed that increasing the percentage of a particular population should not be the focus of the committee, i.e. Latino students are slightly underrepresented; White students are substantially underrepresented according to Orange County/FC stats.

4. We will continue to review the data in relation to the Goals and Activities of the Student Equity Plan.

4. The meeting was adjourned at 2:02 pm.

Next meeting Tuesday, February 28, 2006 – 12:00 pm.

Location: Old Math Lab
