Focus Topic: College Website

Next Steps - For the meeting on April 23.- 1:00-2:00/2:00pm - Room 1421

[Alin's notes give us an idea of how we need to prepare for next Thursday☺]

- Compare FC and Cypress Websites in depth.
- Check out Alin's list of websites as well as others you find useful and bring specific components/ideas to next week's meeting.
- Andrea will get the RFP from Cypress to look at their process and procedure of creating their campus website [Still hasn't come in. I'll send it to everyone as soon as possible).
- Think about what needs to be in the proposal.

Everyone's Immediate Task

Timeline

Discussion Notes from Today's Meeting

Cypress:

Audience - who are you?

Apply Now? - Go to my Gateway

It is not another place or website it is a place where you apply.

Who are you - What do you need

How to apply.

Cypress: 6 Steps - easy to read (eye captures visually the 6 steps) Links

508 compliance - learn a lot every single person in the world can access it.
eliminating people - with visual impairments. (lines)

million links reads everything to the student (in Jaws).

Universal Design principles - is a must! in our

fonts without

text only cite

good contrast, consistency with links all the

left justified as best.

1st: Focus on Structure first:

Get our front page website similar Cypress Website - for us to begin

Consistency between the pages (lost the navigation bar should be uniform - (top,
right, left).

Long Beach City College - (Web Department)

Board Policies: Compliance 508

District Director of Public Affairs

Department of Academic Computing

Three-Four

front page

here are concerns for all pages: 508, consistency,

funding alternatives

left sides -

eliminate all the things

2nd: Text itself
